

6 Grade Math: 2026-2027 Course Syllabus
Mr. Donovan Reynolds Florida Certified Teacher
Email: reynoldm1@scps.k12.fl.us
Room 12-002

COURSE DESCRIPTION: 6th Grade Mathematics is designed to build a strong foundational understanding of key mathematical concepts and prepare students for success in future middle school math courses.

This course focuses on critical 6th-grade skills, including understanding ratios and rates, dividing fractions, working with rational numbers, writing and evaluating algebraic expressions, solving equations and inequalities, and analyzing statistical relationships and geometric concepts. Instruction moves at an engaging, structured pace to build confidence, problem-solving skills, and mathematical fluency.

The primary goal of this course is to strengthen students' foundational understanding, foster critical thinking, and ensure readiness for 7th Grade Mathematics and 6th Grade FAST testing.

Instructional Materials: The primary textbook for this course is Math Nation 6th Grade Mathematics. Each student will also receive supporting workbook materials and access to digital resources to support classroom learning and independent practice.

Semester	Unit #	Unit Title	Recommended Pacing
Semester 1	2	Number Sense & Operations with Positive Numbers	21 Days
	3	Fractions, Percentages, and Decimals	14 Days
	4	Understanding Rational Numbers	17 Days
	5	The Coordinate Plane	16 Days
	6	Ratios & Rates	17 Days
Semester 2	7	Operations with Integers	18 Days
	8	Area, Surface Area & Volume	14 Days
	9	Data Sets	14 Days
	10	Representing Data & Distributions	12 Days
	11	Expressions & Inequalities	15 Days
	12	Equations	16 Days

****Any changes in policy and/or schedule of this syllabus may be made at any time during the school year at the discretion of the teacher.**

eCampus Please check eCampus daily. My daily lesson, agenda, assignments, projects, and any relevant announcements are posted here.

Classwork *Students are required to take notes in their composition notebook.*

Skyward *Skyward is a great way to always see the most current grades and class average. I enter grades weekly into Skyward. Please check Skyward at least once a week to see your child's progress.*

Homework *is a very important part of the learning process and reinforces skills presented in the classroom instruction. Homework is given after every lesson. Homework will be checked and reviewed daily in the class. To receive the credit for each assignment, students must attempt ALL problems. Attempting problems means that the student wrote down the problem, showed work for the problem by explaining in detail his or her thought process for solving the problem, and giving an answer. Students must make corrections to receive full credit, 10/10, and less 1 point for each day late. **PARENTS, PLEASE ENCOURAGE YOUR CHILD TO DO HOMEWORK, SO HE/SHE WILL BE PREPARED FOR QUIZZES.***

Absences

*It is each student's responsibility to find out what was missed in class and obtain related materials – check **eCampus**. As per SMS policy, make-up work is due within the same number of days the student was absent, plus one day. When aware of absences in advance, please notify Mr. Reynolds by email with at least one school day's notice.*

Communication *is the key to your child's success. Please contact me if there is a situation that needs to be addressed or any concerns you may have. The easiest way to reach me is through e-mail at reynoldsm1@scps.k12.fl.us. I look forward to working with you as a team to make this a successful and enjoyable first middle school year for your child.*

Thank you for this opportunity to work with you and your child this year.

Mr. Donovan Reynolds

Thank you in advance for providing your child and the classroom with the necessary supplies.

- Composition Notebook
- Three-prong folders with pockets
- Pencils
- Hand-held Pencil Sharpener
- Erasers
- Loose Leaf Papers
- Color Markers
- Color Pencils
- 4 function calculator (Please try to avoid scientific calculators if you can because that is not what is given for testing and I like them to practice with the same style)
